Allowable Subject Matter

3. Claims 11 and 14-16 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claims 11 and 15, the prior art of record neither anticipates nor renders obvious all the limitations of the base claim 11, including: wherein a film-forming gas used for forming the Group II nitride semiconductor layers is purged, and next, said

light emitting layer is formed. Claim 15 depends from claim 11, and thus is also allowed.

With respect to claims 14 and 16, the prior art of record neither anticipates nor renders obvious all the limitations of the claim, including: wherein the step of forming said light emitting layer includes a step of forming well layers and barrier layers alternately, and said doping gas is introduced at the time of forming said barrier layers. Claim 16 depends from claim 14, and thus is also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
